6-Day Private Guizhou Spring Flowers & Waterfalls Tour

Guiyang → Baili Dujuan → Libo → Xijiang → Huangguoshu → Qingyan → Guiyang

Rhododendron-covered hills, clear blue-green water and traditional village scenery. A seasonal private journey combining Guizhou's spring flowers with its classic landscapes.

Plan around the rhododendron season. The suggested travel window is March–April; flowering varies with weather and is not guaranteed.

5 nights planned. Private vehicle, guiding language, hotels, meals, tickets and price are confirmed in your individual quotation.

A starting point for your own journey, with no fixed public price.

1

Guiyang

Arrive in Guizhou and take it easy

Meet your arranged driver at Guiyang airport or railway station and transfer to your hotel. Use the rest of the day to rest, explore nearby streets or discuss an optional city walk if your arrival time allows.

Arrival sightseeing and meals are arranged according to your confirmation; transport tickets to Guiyang are not automatically included.

Overnight: Guiyang

2

Baili Dujuan → Guiyang

Rhododendron hills at Baili Dujuan

Make an early start for Baili Dujuan. Explore the Jinpo and Pudi areas with a lunch break between visits, using the local shuttle where needed. Look for flowering hillsides, forest paths and viewpoints, allowing the route to follow that day’s conditions. Return to Guiyang for the night.

This is a seasonal outing with road travel and walking. Bloom intensity and dates depend on weather. Outside the suitable flowering period, discuss a replacement stop before booking. Local shuttle charges are confirmed in the quote.

Overnight: Guiyang

3

Libo → Xijiang

Xiaoqikong and the Miao village lights

Travel early from Guiyang to Libo, allowing roughly four hours. After lunch, visit Xiaoqikong's bridge, turquoise water and forest scenery, with scenic shuttles and manageable walking sections. Continue to Xijiang after the visit, allowing around three hours for the drive. Check in and enjoy the village's evening setting.

Allow a full day for road travel and sightseeing. The optional Xiaoqikong boat is not assumed included. Village access and local transport are itemized in your confirmation.

Overnight: Xijiang Miao Village

4

Xijiang → Guiyang

Village lanes, viewpoints and local flavours

Spend the morning exploring Xijiang’s hillside village, viewpoint and traditional lanes. Discuss a costume experience or a Miao long-table meal if these interest you. Leave time to enjoy the setting before driving back to Guiyang for the night.

We can adjust the visit to your pace. Cultural experiences, meals and performances require confirmation; any photo package must be specifically agreed in your quotation.

Overnight: Guiyang

5

Huangguoshu → Anshun

Waterfalls and the Tianxing Bridge landscape

Drive toward Huangguoshu, allowing around two hours from Guiyang. Explore Doupotang, the Tianxing Bridge area and the main waterfall with rest and lunch breaks. Choose the walking sections around your party's comfort and stay in Anshun after sightseeing.

Water Curtain Cave access is subject to its reservation and operating conditions. Scenic shuttle services and the optional escalator are separately identified in the final quotation.

Overnight: Anshun

6

Qingyan → Guiyang

An old-town stroll before departure

Return toward Guiyang and visit Qingyan Ancient Town if your departure schedule allows. Walk through the fortified gate and old streets, with time to sample local snacks independently. Continue to Guiyang airport or railway station for your agreed onward connection.

Entrance categories differ: a main-gate ticket does not automatically cover every internal attraction. We will confirm your ticket scope and transfer buffer. Early departures may require a shorter visit or going directly to the airport.

Overnight: No overnight stay

Clear arrangements, before you book

To agree in your quotation

- Private vehicle and driver for the agreed itinerary and airport or station transfers, with the exact service scope stated in the quote.

- Five nights of accommodation in the agreed room category. Final properties, room occupancy and any single-room supplement are confirmed individually.

- Guiding arrangements and preferred language, subject to availability and the quotation.

- Entrance tickets and local scenic transport only where expressly itemized as included.

- Meals and local experiences only where specified in the final confirmation.

Separately priced or excluded

- Flights or trains to and from Guiyang, unless separately quoted.

- Personal expenses, tips and personal travel or accident insurance, unless specifically arranged.

- Optional activities, extra scenic transport and any tickets not listed as included.

- Unconfirmed hotel upgrades, additional nights, extra transfers or itinerary changes.

Your final written quotation confirms every included service; current local charges and availability are reconfirmed before booking.

A few useful answers

Is this a private tour?

Yes. These are suggested private itineraries. You travel with your own party. Vehicle, guiding language, hotels, meals and price are agreed in your individual quotation.

Which hotels and vehicle will we use?

Tell us your room preferences, party size and luggage. We will recommend suitable accommodation and a private vehicle. Website gallery images illustrate possible comfort levels and vehicle types, not confirmed Guizhou properties or guaranteed models. Five nights are planned; all names and room arrangements are confirmed before booking.

Are meals included?

Meal arrangements will be listed in your final confirmation. We do not promise a fixed number of main meals. Tell us about dietary needs in advance, and discuss local dining or a Miao long-table meal with your travel planner.

Are scenic-area shuttles and cable cars included?

The quotation will itemize entrance tickets, required local shuttles, cable cars and optional activities. Do not assume that a main entrance ticket covers every local transport service. Current charges and inclusion status are reconfirmed before booking.

Can we keep walking gentle?

Share mobility needs before planning. Scenic parks involve walking, steps and uneven paths. We can adjust the stops and allow rest time; Fanjing Mountain is substantially more demanding than a gentle village stroll.

A few useful answers

How do arrival and departure transfers work?

Guiyang is the proposed start and finish. Send us your flight or train details before booking so that we can agree the transfer schedule and a realistic departure buffer. Transport tickets to and from Guizhou are separately quoted or self-booked.

When should I travel for rhododendrons?

This spring itinerary targets March and April. Exact blooming dates, colours and intensity vary with weather each year. We check the season for your dates before proposing the flower day; a full bloom cannot be guaranteed.

Can I book this route outside spring?

The village, river and waterfall stops can form a private trip beyond spring, but Baili Dujuan should be reconsidered. We can propose a different stop or a revised route and quote the changes before booking.

What extra scenic services should I budget for?

Local scenic services can include local shuttles at Baili Dujuan, Xiaoqikong, Huangguoshu and Xijiang, plus some scenic insurance charges. Optional extras include the Huangguoshu escalator and Xiaoqikong boat. The final private quotation identifies applicable current charges and which services are covered.

Let’s make it your journey.

Why choose Wukong China Travel

- A private plan shaped around your dates, interests and preferred pace.

- Clear written arrangements for hotels, transport, guiding and tickets.

- Direct communication while choosing and confirming your journey.
